Class Prophecy

On February 2, 1962, Mrs. Smith remarked that she would like to know what the members of the class of 1962 would be doing in ten years. Well, Mrs. Smith, we hope that this prophecy will give you some idea.

The demand for engineers in 1972 is greater than ever. Already among the most brilliant men of this profession are LARRY WILDER, ELI RING, GEORGE SLAUGHTER, RICHARD CHIN, JOHN EVERSON, STANLEY LEON, JOE COFFIN, ROGER HUTCHINSON, and RALPH MACINTOSH.

Looking into the booming business world, we find that DAVE LARRISON is a multi-millionaire advertising executive. Sharing the credit for his success are his nine efficient, accurate, and benign secretaries. They are MARIE WERTZ, KAY TAPIE, JEANNE BUSS, MARIANNE HARDWICK, MARIELA ALCORIZA, BEVERLY GEORGE, VIRGINIA HIRONS, WANDA SCOTT, and JEANETTE KIRKLAND. CHRIS MCCULLOUGH is a very private secretary to a certain chemical engineer, and KATHY HEMENWAY is a very successful stenographer.

Looking skyward, one is apt to see SAM KATZ zip by in his commercial jet. His stewardesses are BEV SCHROEDER, VICKIE FETTLER, and CATHY LEWIS.

In politics, we find that STEPHEN FRANKLIN won the Presidential election of 1972 by a landslide. As President of the United States, he recently appointed PHIL SANDERS Governor of the Canal Zone. KIT ATKINS has received notice of his appointment as Secretary of the Treasury.

In 1972 we find ROBERT RANKIN and TERRY WEBSTER cruising off the coast of Iceland in their \$50,000 yacht. LEN HAKANSON has just received the Academy Award for his performance in "Dracula's Cousin." JOHN KNEUPPEL is the most outstanding pitcher of the year. His name was recently entered in baseball's Hall of Fame. The great adventurer and hunter, LA RUE CHRISTOPH, shot the world's largest skunk in the Congo (Gizenga). PATRICIA CLARKE, the renowned woman bull-fighter, has been awarded the ears, the tail, and the horns of a bull for her great performances. JAN DECK is now the editor of the *Miami Herald*.

BETTY PAYNE is a famous biologist, known throughout the world for discovering a cure for the common cold. JIM WILLIFORD is busily shining shoes on Fifth Avenue in New York.

HOWELL WYNNE is a noted poet; ROBERT CHAN is Panama's Ambassador to the United States, and VIRGINIA VALDEZ has just sold one of her paintings for 140,000 piastres. JOE MCGOFF and CHARLENE GRAVES won gold medals in the 1972 Olympics. JOE set a new high-jump record at 12'9". CHARLENE swam five miles in 1:54.8. EDNA MORALES is an usher in Carnegie Hall.

CHARLES RHINE and CHARLES GARCIA, Phi Beta Kappa graduates, are now brilliant doctors. CHARLES RHINE is a pediatrician and CHARLES GARCIA is a brain surgeon. JOE LAWRENCE is a very successful orthodontist. LOUIS DAVIS is a medical technician, and JEAN ALLAN is a wealthy psychologist. PAM JOHNSTON, EVELYN MESSER, MARY-ESTHER JONES, and JOANNE TANG are very capable and efficient nurses.

Many of the graduates of 1962 have entered the teaching profession. VERA HILDEBRAND teaches history; COLLEEN LAWSON teaches Swahili; JEAN VAN DER HEYDEN is a chemistry professor at M.I.T.; and KAY HAMILTON teaches kindergarten on the upper reaches of the Mohangi River. SUE CORRIGAN is teaching biology in Ireland, and THERESA WASHABAUGH teaches Mathematics in West Germany. LIZ HANNA, CHUCKY BATH, JEFFREY LEON, RICHIE GARCIA, and ABEL BORSELLINO are physical education teachers. Their teams never lose a game! (They are all fixed.)

GORDON REIF is now President of General Motors. Smoky Bear has an ardent helper. He is MARCUS FRENCH, Senior Forest Ranger for the state of Washington. ANA JACQUES is modeling for Christian Dior in Paris, France. ANN BAAS is the new bilingual translator for the F.B.I. GUY JONES and EARL GRIGGS are business partners. GUY is an electrician; EARL, a machinist. ROBERT WILLIS is a veterinarian. CAROL CORRIGAN and WANDA HUMMER are both happily married and have four children: two boys and two of the other kind. CAROL and family are living in Australia.

The Armed Forces have gained four brave and patriotic men: EUGENE PUGH is an Air Force test pilot, EDWARD GREEN and BILL LIVINGSTON are in the Marine Corps, and TERRY BING is a sailor aboard the "Good Ship Lollipop" off the Coast of Madagascar.

Congratulations Class of 1962; your time has been well spent.

Acknowledgement

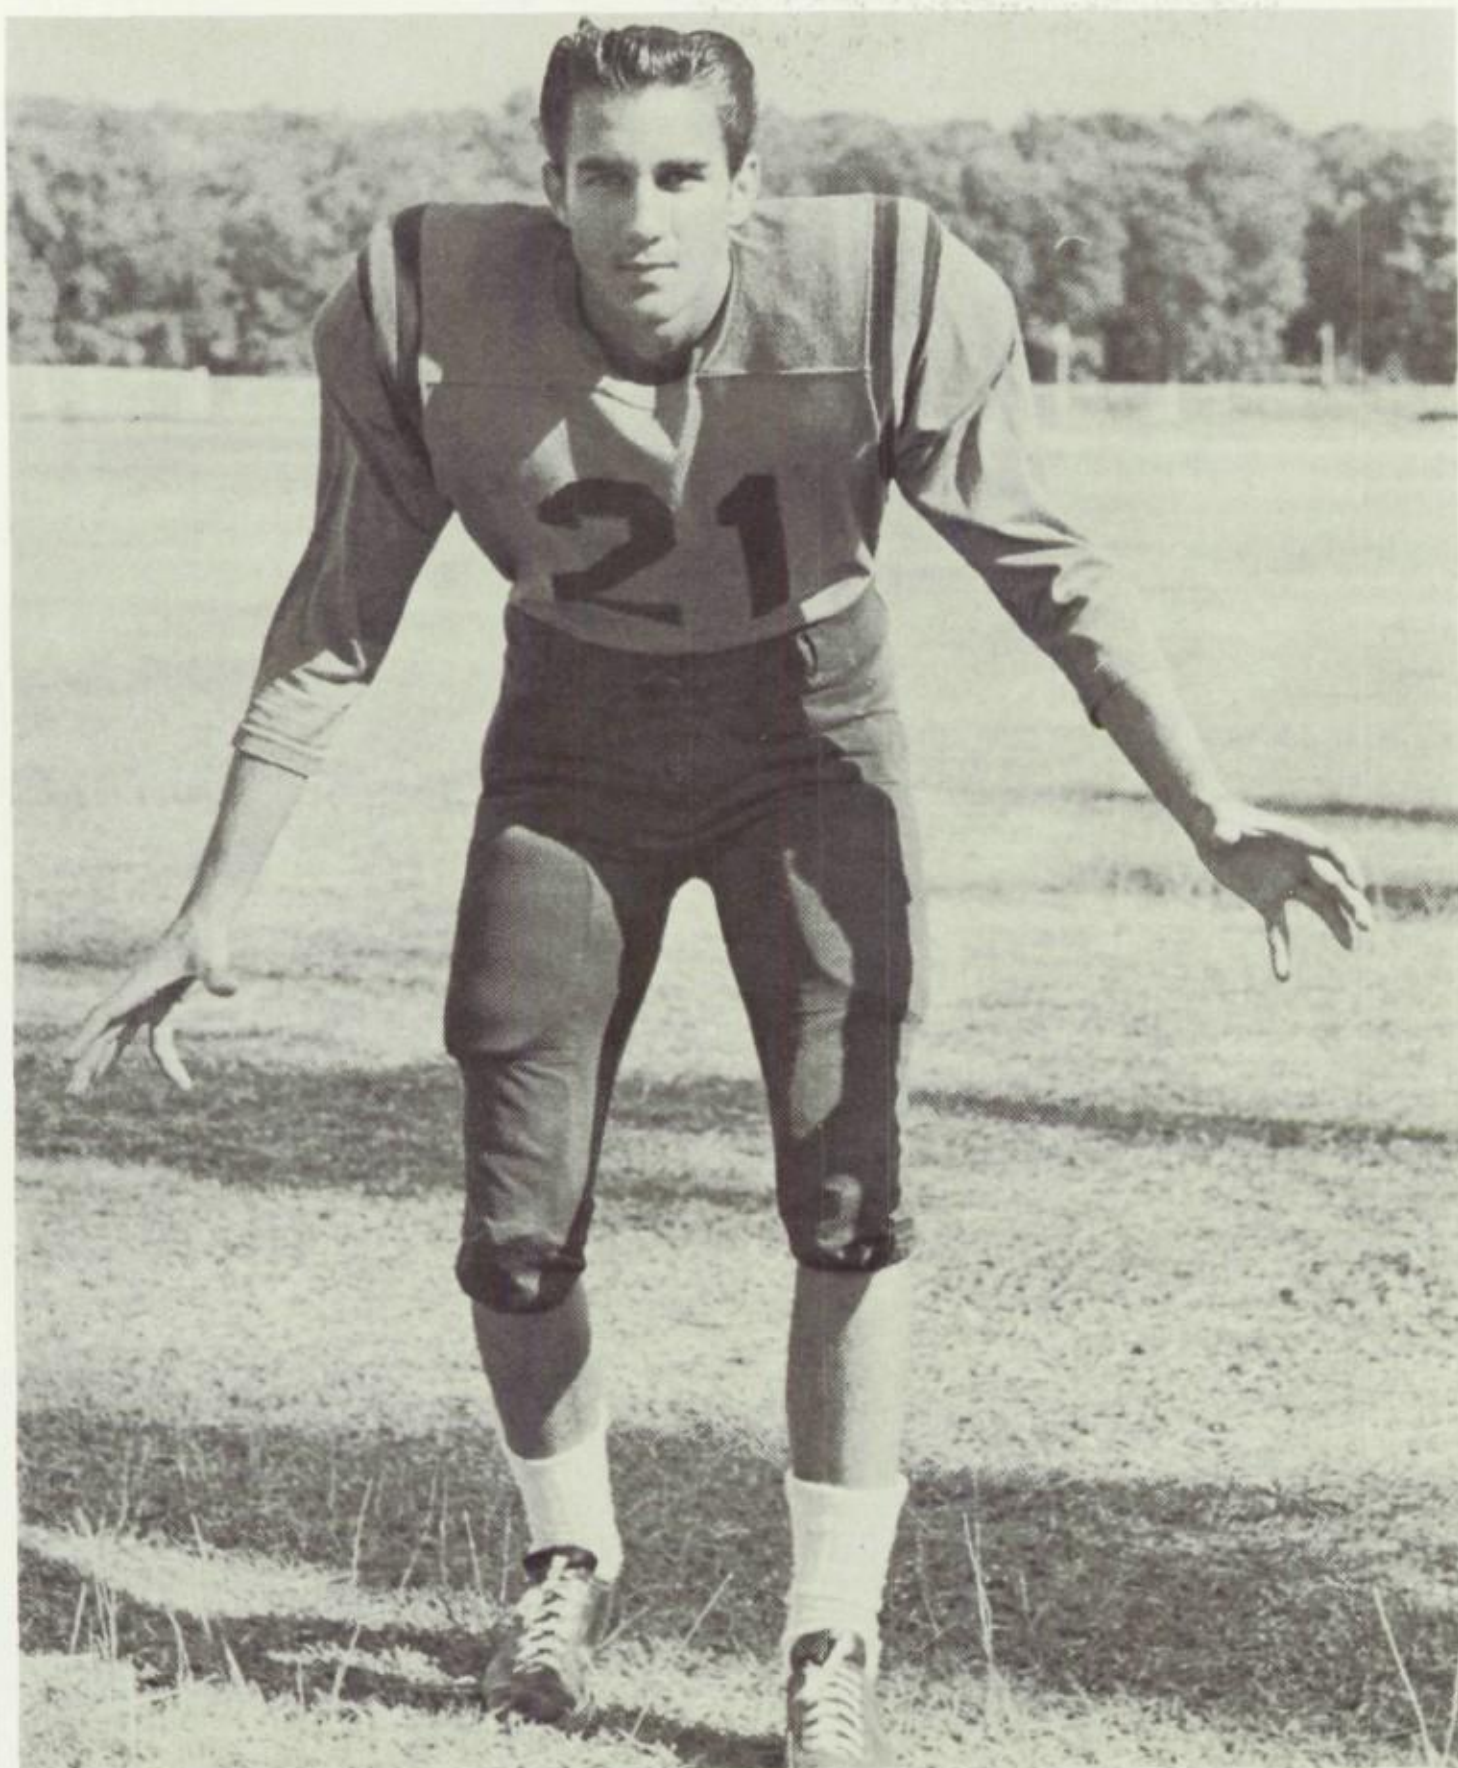

We, the students of CHS, proudly acknowledge our appreciation to Roy Fleming for his hard work and long and faithful services as head janitor. Roy has been with CHS for twenty-five years and plans to continue working here as long as he can. We thank him for his past endeavors and hope that he will be with us for many years to come.

Sports

Jeff Leon

An all-around athlete with a desire to excel, a great competitor with a burning desire to win, is our Most Valuable Player, Jeff Leon.

Jeff has lettered in football for the past three years. He has done an outstanding job wherever he was asked to play. He has played a different position each year and has excelled in each of them.

Players and fans will long remember the tremendous job of punting that Jeff did for the Tigers during the 1961-62 season. His excellent ball carrying and hard running from the fullback slot was the best in the Canal Zone this season. Jeff, carrying his number 21, could be seen gaining critical yardage on many occasions.

His play in the United Fund Game against Miami-Jackson won him praises from Miami players and coaches, plus the praise of his own coaches and players. It was truly an outstanding performance.

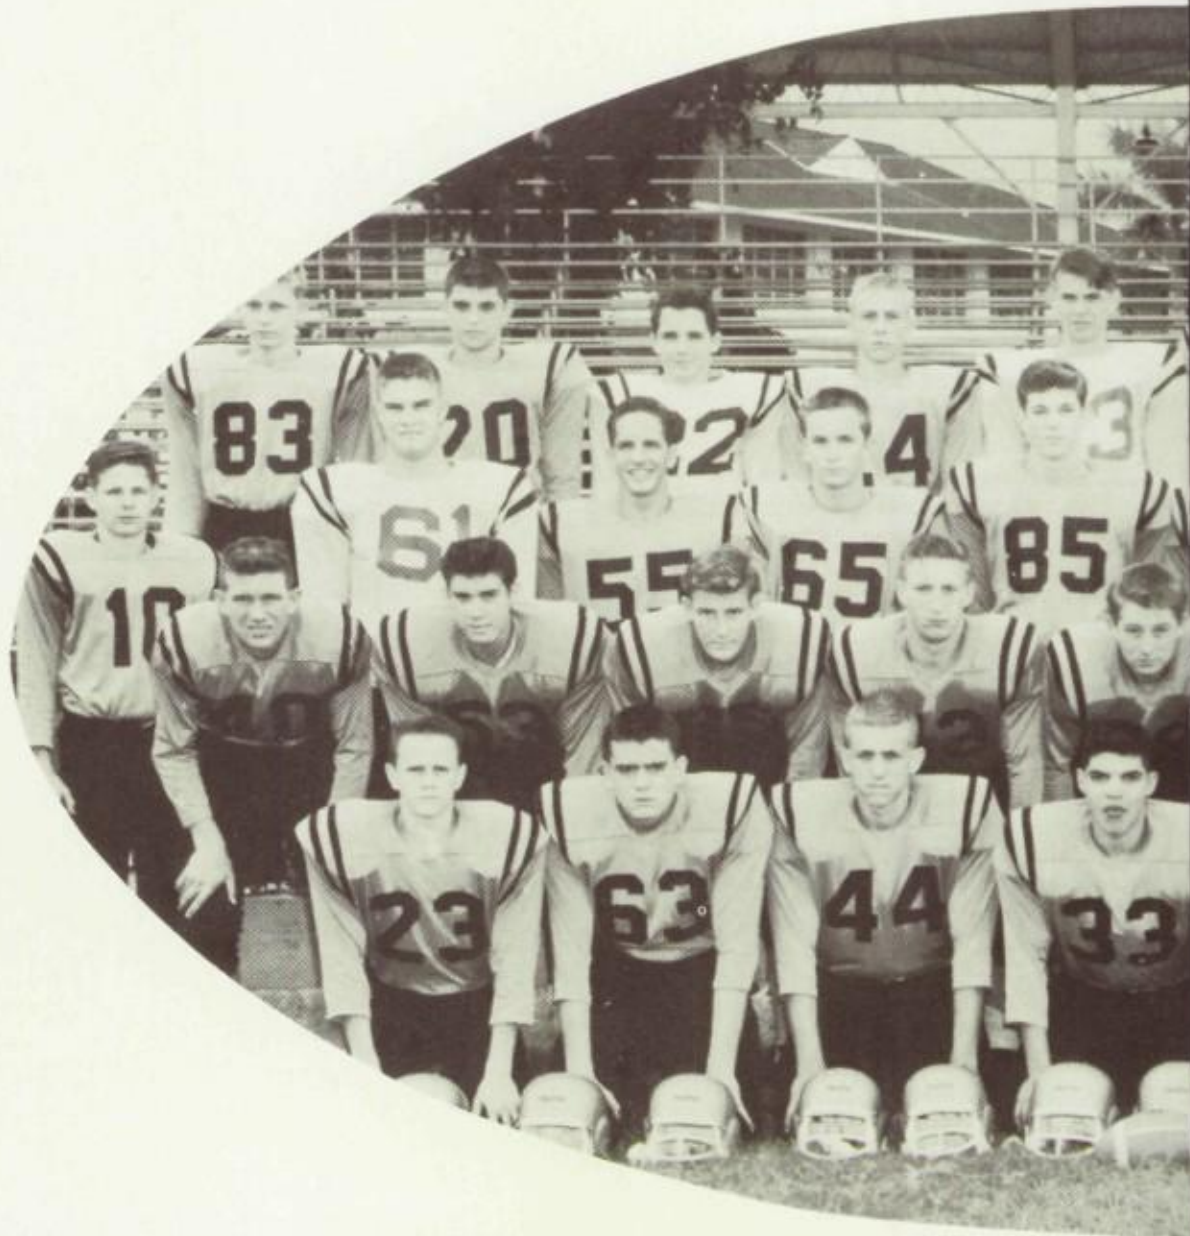

Jeff, we, the students, fans, players and coaches want to congratulate you on a most successful high school football career. Best wishes from all of us for a successful career from here on.
